

### Two 10-mil layers of Gel Coat

Note: Too thick of gel coat can lead to hair line cracks in the surface.

### 1.5 oz Strand Mat (three layers)

### 24 oz Woven Roving (two layers)

Tarson Fiberglass Premier pools uses only the highest grade materials in the fiber-glass industry. For our gel coat surface we offer a Polycor 960 Shimmer series. Which has been specifically formulated for the swimming pool industry. All of Tarson fiberglass pools are backed with Corezyn, an industry leading vinyl ester resin. This forms a water proof, corrosion barrier. We then add four layer fiberglass chopped roving and two layers of hand laid 18 oz. woven roving. Every pool is then braced, we add vertical supports using Balsa wood because it is low-density but high in strength.

# TARSON POOLS & SPAS

## Fiberglass Premier Pools

Made in the USA

### Affordable/Eco-Friendly

Fiberglass pools cost around 20% or less compared to concrete pools. The ongoing cost is also significantly lower due to less maintenance, chemicals & energy consumption and no liners to replace. Fiberglass acts as a natural insulator, requiring less electric/gas to heat the pool.

### Fast Installation

Installing Fiberglass pools take as little as two days compared to other pools which take an average of two months.

### Gentle & Clean

The nonabrasive finish of the gel coat is smooth and nonporous preventing growth of mold and algae which in turn means less time cleaning and fewer chemicals for your family.

### Durability

Fiberglass is extremely durable and can withstand seasonal weather conditions.

### Beauty

We offer customizable options for you to choose from to create your backyard paradise.

**Tarson Fiberglass Premier** pools come with a limited Lifetime warranty, covering the structure and surface of the pool. By choosing a Tarson Fiberglass Premier pool you also choose peace of mind along with 100% customer satisfaction since 1976. Many of Tarson Fiberglass Premier pools have been in the ground for 30 years or more and are still in service.

### Tile

We offer a selection of standard perimeter tile and corresponding accent tiles to make your pool unique.

### Put your backyard in the spotlight.

Bringing your backyard and water features to life at night is easier than ever with Pentair Color LED Lights. These versatile lights are bright enough to light an entire pool or spa, or highlight more focused features such as waterfalls, spillovers, or even palm trees or walkways. Pentair lights make it easy to set the theme for your backyard—whether it be for a romantic evening, a holiday party, or the big game this Sunday. Discover how these vibrant lights can spill brilliant color into every corner of your backyard environment to transform it before your eyes.

#### Performance

Pentair Color LED Pool, Spa and Backyard. Lights last 10 times longer than incandescent bulbs.

#### Low-Voltage

Pentair Color LED Pool, Spa and Backyard. Lights are low-voltage and UL-listed for safe wall and floor installation.

#### Energy Savings

Save money on energy costs by switching to LED lighting.

### Dazzling Light Shows
